SECTION 63.71 APPLICATION OF AT&T

AT&T Services, Inc., on behalf of its affiliate, BellSouth Long Distance, Inc. d/b/a AT&T Long Distance (referred to herein as "AT&T") applies for authority under Section 214(a) of the Communications Act, as amended ("the Act"), 47 U.S.C. § 214, and Section 63.71 of the Federal Communications Commission's ("Commission") rules, 47 C.F.R. §63.71, to discontinue AT&T Long Distance Toll FreeSM Service.

As required by Section 63.71 of the Commission's rules, AT&T provides the following information:

Name and Address of Carrier:

BellSouth Long Distance, Inc.

The address for purposes of this application is:
1057 Lenox Park Blvd
Atlanta, GA 30102

Date of Planned Service Discontinuance:

Effective on or after July 1, 2021, pending regulatory approval, AT&T Long Distance Toll Free Service will no longer be available to new customers. In addition, effective July 1, 2021, requests to place new orders, renew, move, or change existing service arrangements will no longer be accepted from existing customers, unless inconsistent with the existing customer's contract. Existing customers may keep their existing service arrangements until the service is discontinued.

Points of Geographic Areas of Service Affected:

AT&T will grandfather this service throughout Alabama, Florida, Georgia, Louisiana, Kentucky, Mississippi, North Carolina, South Carolina, and Tennessee.

Brief Description of Type of Service Affected:

AT&T Long Distance Toll Free Service provides inward toll-free calling to business customers from switched access lines. The service permits termination of calls from diverse geographic locations to the customer's local exchange lines.

The public convenience and necessity will not be impaired by the discontinuance of this service because there are alternative services available to AT&T's customers, including AT&T's Toll-Free READYLINE Service, which provides toll-free calling capabilities for calls terminating at a customer location in the US Mainland, Hawaii, Puerto Rico or the US Virgin Islands using a switched access line.

Brief Description of the Dates and Methods of Notice to All Affected Customers:

Customer notices were sent via U.S. Mail on May 10, 2021.¹ Copies of this Application are being sent, first class U.S. Mail to the public utility commission, governor, federally recognized tribes (if any) in the affected states, and to the Special Assistant for Telecommunications to the Secretary of Defense, as required by 63.71(a) of the Commission's rules.²

Regulatory Classification of Carrier:

AT&T offers AT&T Long Distance Toll Free Service pursuant to non-dominant carrier regulation.

Questions about this application may be addressed to Joshua Woodbridge, AT&T Services, Inc., Director - Federal Regulatory, 1120 20th Street N.W., Suite 1000, Washington, D.C. 20036, (202) 457-2139.

Conclusion:

As discussed above, the public convenience and necessity will not be adversely affected by the grandfathering of AT&T Long Distance Toll Free Service because there are other options for this service available in these areas. AT&T respectfully requests the Commission approve its Section 63.71 Application to discontinue service.

¹ See Attachment A.

² Section 63.71(a) directs applicants to submit a copy of the application to the Secretary of Defense, Special Assistant for Telecommunications. However, due to restructuring within the Department of Defense, that position no longer exists. Commission staff has advised that a copy of the application be sent instead to the Department of Defense Chief Information Officer.

Respectfully submitted,

By: /s/Cindy J. Manheim

AT&T is required by the FCC to provide the following statement:

The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the section 63.71 Application of BellSouth Long Distance, Inc. d/b/a AT&T Long Distance Service. Comments should include specific information about the impact of this proposed discontinuation (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.
